MISSION STATEMENT

AlaMed's mission is to pro-actively create, develop and maintain a comprehensive network of medical service providers and vendors who provide quality and affordable medical care and supplies for the workers' compensation needs of Alabama employers.

VISION STATEMENT

By our constant strive for excellence in relationships, services and results, our clients and medical care providers will recognize AlaMed as the premier workers' compensation network.

WHY DO PROVIDERS AND PAYORS IN ALABAMA SPELL "WORK COMP" A-L-A-M-E-D?

- AlaMed has been the primary workers' compensation PPO in Alabama since 1992
- More than 85% of the Alabama self-insured funds utilize the AlaMed network
- More than 10,000 providers participate in AlaMed throughout Alabama and surrounding states
- AlaMed is owned by the four largest third party administrators in Alabama
- AlaMed payors have more than one million covered lives in Alabama
- Each year, adjusters refer over 85% of all workers' compensation injuries to providers in the AlaMed network
- Providers in the AlaMed network get paid quickly and correctly
- AlaMed updates providers and payors on changes in the Alabama workers' compensation law
- AlaMed assists providers with dispute resolution
- AlaMed participates in AWCO and ASIA

ABOUT ALAMED

The AlaMed PPO Network is an Alabama registered company located in Birmingham. Founded in 1992, it is the oldest and largest workers' compensation Preferred Provider Organization network in Alabama. Currently, AlaMed serves over 8,000 employers through more than 10,000 providers in Alabama and surrounding states.

The AlaMed PPO contains the highest quality healthcare providers who are committed to healing injured workers and returning them to work. AlaMed receives the best level of pricing from providers in exchange for the steerage of injured workers.

With up-to-date information on a provider practice, AlaMed markets services related to workers' compensation to its member payors and third party administrators in order to generate more workers' compensation referrals for the provider.

ALAMED IS OWNED BY THE FOLLOWING THIRD PARTY ADMINISTRATORS:

Employer's Claim Management
Meadowbrook Insurance Group
Millennium Risk Managers
Sedgwick Claims Management

11 WAYS TO GET MORE WORK COMP REFERRALS

1. Join AlaMed!
2. Develop a workers' compensation employer patient intake form
3. Educate physician on which of their practices can turn a first-aid injury into a workers' compensation recordable injury
4. Require providers and staff to have workers' compensation continuing education, i.e., rules and regulations, fee schedule changes, etc.
5. Identify a staff person as a Workers' Compensation Coordinator
6. Ensure that physician and Workers' Compensation Coordinator are accessible by phone, e-mail or fax to adjusters and case managers
7. Train staff on workers' compensation billing
8. Train staff on which workers' compensation services require pre-certification

FOR PRIMARY/URGENT CARE PROVIDERS

All of the above and:

9. Fast Track workers' compensation patients
10. Set up an area for urine and breath-alcohol collection
11. Train or certify an employee to collect urine and breath-alcohol specimens
